MIRROR

MONZA SERIES ALUMINUM DOORS

- Two standard finish options:
 - Natural Aluminum
 - Brushed Steel
- Hinged door cabinets will feature a Blum 95 degree hinge with Blumotion

MONZA I CROSS SECTION

MONZA 1

- LEGRABOX must be chosen in the drawer box specifications for drawer front applications
- Available on all Aventos wall cabinet models
- Doors/drawer fronts are specified as an Accessory code in Quick Quote
- 3 Glass Options
- 8 Acrylic Color Options

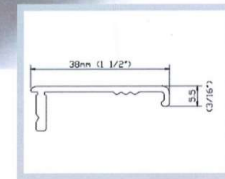

MONZA III

- Acid etched glass inserts
- Doors and Drawer Fronts
- LEGRABOX must be chosen in the drawer box specifications for drawer front applications
- Available for use on all AVENTOS wall models
- 9 Standard Glass color options
- Integrated pull option - Linea Handle

Linea Handle:
Handle is milled flush into the edge of the door/drawer front for a clean look without increasing clearance requirements.

A COUPLE THINGS TO REMEMBER

- Monza doors DO NOT automatically default to finished interiors
- All glass inserts are tempered. Dealer must supply decorative hardware placement location & size at the time of order

While Rutt cannot include every possible metal door option in its catalogs, we primarily work with the following vendors:

- Element Designs – <https://www.element-designs.com>

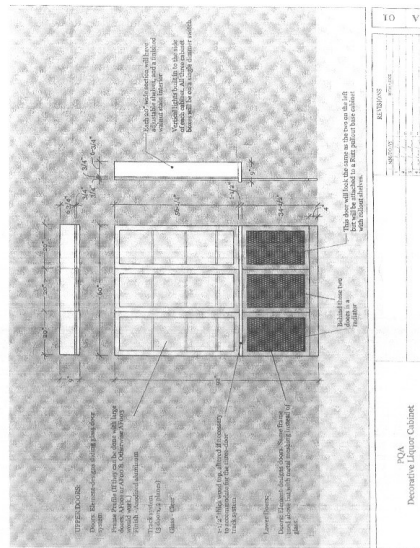

- EFI – <https://www.efi-us.com>

To request a special order accessory, please submit a PQA form.

LED CABINET INTERIOR LIGHTING

LED LIGHTING – CABINET INTERIORS

- To enhance Rutt cabinetry by offering an interior LED lighting solution that is engineered and factory installed as an integral part of the cabinet.
- Eliminate the designers/installers frustration of difficult field installation of LED lighting.
- Includes driver, distribution block, and connecting wires.
- Engineered as a “Plug n’ Play” lighting solution. Plan for electrical outlet near the cabinet.

LED LIGHTING – CABINET INTERIORS

- Can be added to any door or drawer opening
- Three lighting temperature options:
 - Cool – 4000K
 - Warm – 3000K
 - Warm – 2700K
- Two intensity options
 - Low & High
- Sensing switch illuminates cabinet opening when door/drawer is opened
- Cabinet openings will have an aluminum extrusion with LED lights running vertically left and right of the opening.
- Drawer openings will have an aluminum extrusion with LED lighting running left to right over the drawer box.
- Multiple codes for ease of ordering
- Priced per opening

ADJUSTABLE SHELF LIGHTING CABINET INTERIORS

- Includes driver, wiring, and remote control.
- Variable Color Temperature and Intensity
- Engineered as a “Plug n’ Play” lighting solution. Plan for electrical outlet near the cabinet

Available by request, Price Quote (PQA)

LED LIGHTING – OTHER APPLICATIONS

- Under Cabinet Task Lighting
- Toe space lighting
- Floating Shelf

Available by request, Price Quote (PQA)

PQA'S

A price quote is required when Quick Quote does not contain the item, modifications or accessories you wish to include in your design.

A Price Quote Form must be filled out and submitted to Rutt for approval and a price. There are many determining factors used when Rutt approves a custom item or modification submitted on a price quote including:

- Physical size of the item.
- Does Rutt have the tools and tooling required to make the item?
- Can the item or parts be made safely by our associates?
- Can we warrant the item under our current warranty program?
- Can we finish the item properly?
- Can we package and ship the item without damage?

Should any request for a special quote be denied, we will contact you by phone to review your request, with the intent of finding alternatives to meet your design needs.

Price quotes do not typically have door style, wood species and finish charges included in the base price. Final Pricing will need to be obtained using the Quick Quote software. This allows you to use the quote as a basis for a variety of door designs, species and finishes. You must manually enter the item in Quick Quote in the job it is being used on to calculate the appropriate up charges for the complete pricing of the item.

Price Quotes are valid for 180 days from date of quote.
