# Uncompromised Since The Very Beginning

Tucked away in the serene Pennsylvania countryside, Rutt HandCrafted Cabinetry employs the most skilled craftspeople, practicing their time-honored trade. Not too much has changed here since Phares Rutt opened the shop in 1951. The people are still friendly, life is still peaceful, and we still make each one-of-a-kind piece by hand.

We have added technology where it helps to guarantee a higher level of quality, but never as a replacement for the skill and pride of our artisans. Theirs is a tireless devotion – some boast decades of dedication to their craft at Rutt. Our professional design partners are equally dedicated, including third generation kitchen dealers and award-winning designers who continue to create living works of art.

## TIMELESS PERFECTION

Then there are our clients – our patrons, who are the reason for our unparalleled commitment. Rutt has been the foundation of thousands of unique kitchens

over the years, and many are still enjoyed by their original owners. Appliances, flooring, and sinks have been replaced but the Rutt cabinetry remains – beautiful, functional, and timeless. All because someone had the vision to demand the very best.

Today, we continue to set the industry standard for perfection and attention to detail, steadfastly refusing to compromise our craft. Rutt HandCrafted Cabinetry is truly the *Creator of Timeless Originals®*.

# DRAWERS SO GORGEOUS, YOU WON'T WANT TO CLOSE THEM!

The beauty of Rutt craftsmanship is not limited to the exterior of our cabinetry. Great pride and attention to detail is given to the interior of each and every cabinet we craft. Dovetail or dowel constructed drawers meticulously made using your choice of cherry, mahogany, walnut, or poplar exemplify the finest in design, materials, and joinery.

Chambord Mullion

Leeward Mullion

Ruskin Mullion

## Rutt's Mullion Doors are Truly Unique

Some designs so striking that they are patented. But the real Beauty is in the unique attention to detail that sets Rutt on a higher plane. It is our standard to cut and hand fit each pane of each and every mullion door.

US Design Patent No: US D475,222 S and US D497,436 S

*Those who know,  
... know.*

The Rutt name travels in elite circles. Like fine art, it is appreciated most by those who embrace culture and refinement. Rutt's leadership in custom cabinetry makes our expert craftsmanship and artistry the benchmark to which so many aspire. Our high standard began with Phares Rutt's custom creations for a select few luxury customers, and has remained uncompromised to this day. For those who know,

*~Rutt cabinetry is truly the only choice.~*
